

Fabric Softener

Advantages of the product

- For hygienically clean laundry
- With plant-based betaine from sugar beet for a fresh, pleasant, and skin-friendly feel
- With lactic acid, which reduces limescale deposits on fabrics and in the machine
- Suitable for all water hardness levels

Concentrate: economical and efficient in use

Without dyes, optical brighteners, bleaches, enzymes

Only essential ingredients are used in our products

Labelling for contents according to Regulation (EC) No 648/2004

5% - < 15% amphoteric surfactants (viscosity regulator), < 5% nonionic surfactants (washing-active substance).

Certification

Ulrich natürlich fabric softener is certified by ECO-Control as NCP-Vegan according to the latest Nature Care Product Standard (NCPS). The Nature Care Products Standard regulates the requirements for certified care products. The NCP standard covers laundry and cleaning products, textile and leather care in particular.

In addition, Ulrich natürlich fabric softener is registered with the Vegan Society. Among other things, the Vegan Society checks all raw materials used in Ulrich natürlich formulations and classifies them as vegan if they meet the relevant guidelines.

Application

Add 30–60 ml (1–2 capfuls) to the fabric softener compartment of the washing machine and select the wash cycle with fabric softener.

Container

1000 ml bottle
5 L canister
