Labelling for contents according to Regulation (EC) No 648/2004

≥ 30 % soap

Certification

Ulrich natürlich gall soap is certified by ECO-Control according to the latest Nature Care Product Standard (NCPs). The Nature Care Products Standard regulates the requirements of certified care products. The NCP standard covers in particular washing and cleaning products, textile and leather care products.

Application

Moisten the stain, rub in gall soap, and let it sit for a short time (for stubborn stains, leave it on longer). Then rinse or wash again with warm water. For wool and delicate fabrics, treat gently with cold water (do not rub). Suitable for pre-treatment before hand or machine washing. Please follow the fabric manufacturer's care instructions.

Storage

Store in a cool, dry place away from direct sunlight.

Keep out of direct sunlight.

Use within 12 months of opening.

Keep out of reach of children.

Container

100 g box
