Declaration of ingredients according to EU regulation 648/2004

Biodegradability

Raw materials used for **Ulrich natürlich Wool impregnation** are easily biodegradable.

Application / dosage

When washing with wool garments, please pay attention to the specifications of your garments.

Dosage: Shake before use. For diaper pants and wool clothing, dissolve ½ capful (approx. 20 ml) per liter of hot water in a bucket or sink. Allow to cool to approx. 30°, soak woolen garments in it for 4-6 hours and then rinse in clear, lukewarm water (if necessary, add 1 tablespoon Ulrich natural descaler). Repeat the process every 2-3 weeks for diaper pants.

Ulrich natürlich wool impregnation is particularly economical.

250 ml bottle = approx. 12 washes

Storage / use

Store in a cool and dry place. Protect from sunlight.

Recommendation: Use **Ulrich natürlich Wool impregnation** within 6 months after opening.

Certification

Ulrich natürlich detergent Citrus is certified by ECO-Control as NCP according to the most recent Nature Care Product Standard (NCPS). ECO-Control is an inspection and certification body for organic products and quality assurance systems in the non-food sector.

The Nature Care Products Standard regulates the requirements of certified care products. The NCP standard covers in particular detergents and cleaning agents, textile and leather care.
